**BENEFITS ON PAGE 2** ▼

## **BENEFITS:**

**EXPRESS SERIES** Fibreglass Guardhouses and buildings are standardised, meaning production time is minimized on this range. The production time for this series of buildings is 4-11 working days from confirmation of order, depending on the size and complexity of the order, BUT NEVER MORE THAN 11 DAYS ! This is in contrast to other options available, which can take 4-6 weeks to produce !

**EXPRESS SERIES** Fibreglass Guardhouses and buildings are another best- selling range of Fibreglass guardhouses and buildings available from SHAWSON GUARDHOUSES, they are portable, and are the number- one option where speed, cost effectiveness and space constraints are issues. These buildings can be customized to individual client requirements. This type of guardhouse and building is the best solution when time is crucial! It is ideal for 101 uses, such as security guardhouse, emergency accomodation, control booth, ablutions, bow hunting enclosure ,laboratory and store room, it is also ideal for use for retail and fast-food outlets.

Making use of an **EXPRESS SERIES** Fibreglass Guardhouse or building makes sense financially, it allows businesses to control their working capital by avoiding costly construction outlays, this is also a great strategy in times of rapid growth, where the economic environment is uncertain and long term capital commitments may be premature.

**EXPRESS SERIES** Fibreglass Guardhouses and buildings provide the flexibility of being portable ,while at the same time they can be placed permanently on site for an instant solution to security, storage, abluion, control room facilities and many other applications. You can use the same building for many different purposes during its long lifespan!

## **ORDERING PROCESS:**

Please choose from the standard sizes as listed on page 1, and kindly choose the optional extras that you require to be installed in your Guardhouse or Fibreglass building.

## **DELIVERY:**

All buildings attract transportation costs,these costs vary depending on the size, number of buildings and where the clients site is located. Kindly contact us for more information regarding delivery charges.

## **COLOURS:**

The standard colour is white,with a grey interior finish. Other colours are available on request. Kindly contact us for more information on different colours. A 5% surcharge is applicable for colours.

Shawson Plastics is dedicated to providing our valuable customers with personalized service at all times.
